

PRESS RELEASE

Hiventy achieves the consolidation of its activities in its new headquarters in Boulogne-Billancourt

Paris October 5th 2020

All the teams concerned by this transfer have moved into the new facility located 221 bis Boulevard Jean-Jaurès in Boulogne-Billancourt (92100).

The following activities are now performed from these new premises:

- Dubbing studios
- Cinema image and sound post-production
- Digital restoration
- Media processing (DCP, deliveries to networks and digital platforms)
- Digital storage and asset management
- Subtitling
- Coordination of localization works into multiple languages

The following activities remain on their original sites:

- Image and sound post-production for animation, series and documentaries remains at the original Bastille facility at 10 rue Biscornet in Paris 12th arrondissement.
- The flow post-production remains located at 1 rue Villaret de Joyeuse in Paris 17th.
- The film lab remains located at 1 Quai Gabriel Péri in Joinville-Le-Pont (94340).

Thierry Schindelé, CEO of the Hiventy group, comments: *"Having taken up the challenges imposed by Covid-19, we are convinced that this new headquarters will bring much more efficiency and flexibility in the treatment of our customers' requests. The site has been fully operational since the beginning of September, without any interruption of activity, thanks to the professionalism of all the teams. This new flagship will bring together all our talents and our state-of-the-art equipment in a single, fully renovated facility"*
